

BACKVINTAGE™ Wines Australia

*“The value for money offered by these wines is self-evident,
and quite remarkable.”*

James Halliday

Established in 2003, **BackVintage** wines are made in-house from grapes and bulk wine sourced from vineyards throughout Australia.

- Our winemaker is Mike Farmilo – ex Penfolds/Southcorp Senior Group Red Wine maker. (Mike has two Jimmy Watson trophies to his credit)
- We source only good quality grapes, we own French oak barrels, and oversee all the fermentation, maturation, blending & bottling.
- All our wines are independently endorsed by Nick Bulleid MW – International Wine Judge and Australia’s 3rd Master of Wine (there are only 23 MW’s in Australia).
- The BackVintage wines are bespoke and **only found** on the internet.
- James Halliday writes :
“The value offered by these wines is self-evident, and quite remarkable”
- BackVintage wines are sold at **wholesale** prices direct to the consumer.
There are no middlemen.
